Whats new at FCC

We strive to be your neighborhood one stop shop for the best sandwiches, curated groceries, spirits and wine. So whether it's just your average Wednesday or you're out shopping for the holidays, endless party invites, or the perfect bottle of wine to take away the stress of it all... WE HAVE YOU COVERED! With a palate of goodies coming from Italy to candies and wine coming from around the country and abroad. Our family guarantees to make sure you are gifting, eating, and drinking the very best. With the holidays here, our team is making charcuterie boards and baskets that will make you the envy of any holiday party.

Florida Cold Cuts Wine Club

It all starts this December- drink like a pro and be part of the club that all the cool kids are talking about. Forget the endless aisles of the same old wines or just hoping to stumble upon something great. Leave it to our team to hand select one red and white wine each month for fifty dollars. Like all the bottles that line our carefully curated shelves, these wines are natural, organic and/or biodynamic, all of which are from people and places with a great story. Each two bottle set will come with information including where the wines are from, how they're made, and tasting notes. Leave it to us to find the wines that make the 'cut' so you can focus on drinking cleaner and better. Sign up now and get an extra bottle for December. Don't wait, your drinking better journey starts now!
